Classification: UNCLASSIFIED

Caveats: NONE

Melonie/Tony - Can you check if you have a copy of the EPA Region 6 Superfund Wilcox Oil, OK Work Authorization Form (WAF) DW96958549-002 and SOW issued to the Tulsa District 25 November 2015? Charles McGregor in the Ft. Worth District is asking for a copy.

The USACE offices located in Omaha are closed today due to snow/blizzard conditions so I am teleworking at home. Since I cannot travel to my downtown office today to find the file, I thought you may have a copy of the WAF or can answer questions Charles may have.

Thanks!

Marvene

Apologize for the confusion on this. The site in question is the Wilcox Oil Company Superfund Site. OK.

ARMDEC is the web site used to transfer large files.

If you are in possession of the IAG for the Wilcox Oil Superfund Site and can provide that to us that would be greatly appreciated.

Respectfully,

Charles

I only track the EPA Superfund Interagency Agreements - don't have any information on AMRDEC.

You might check with the EPA Interagency Agreement Shared Service Center (IASSCWEST) in Seattle (John Schaub) or Jeff Marsala at the EPA Cincinnati Finance Center (513-487-2056).

Katrina,

Any luck locating the IAG?

Thanks.

Charles

Great. Kellon is still looking for the IAG file, but he did confirm that subcontracting is not allowed. We will send a copy of the IAG as soon as we find it. You may have a quicker response from Marvene Seaman.

Katrina,

Sorry for the delay in getting back with you, I was pulled away to work an issue with our Contracting folks.

Yes we did receive the files.

Charles

It finally opened, and I uploaded files. Then it appeared to crash. Did you receive an email letting you know files were available? I guess I will need to do it again.

Goggle "amrdec" and see if you can get to that way.

The web page is not loading. It continues to 'think' about opening. Is the site down? Or perhaps my internal firewall is not allowing access.

Subject: AMRDEC Site

Katrina:

Below is the web site where you can upload files to get to us.

BlockedBlockedBlocked<https://safe.amrdec.army.mil/safe/Welcome.aspx>

Hopefully you find it pretty self-explanatory. Should you have any questions, please don't hesitate to give me a call.

Charles
